## DETAILED ACTION

### *Claim Rejections - 35 USC § 102*

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-9 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by USPN 1164967 to Thorp (hereinafter called 967).

a. Re claim 1, 967 discloses a support (structure 6, B and A), a carriage (11), a gripper (the pieces of 23) and a brake (26). The gripper is movable and the brake is movable such that the gripper is inhibited from moving with respect to the entire system and support but not inhibited from moving with respect to the carriage. NOTE: it is suggested that the applicant claim that the brake inhibits movement of the gripper with respect to the carriage.

b. Re claim 2, 967 discloses first and second brake members, the movable members being the piece that bears on the rope as seen in column 3 and also the part that it pivots on is the other stationary part.

c. Re claim 3, 967 discloses that the gripper is coupled to the brake (at least through the rope and carriage) and also that the second brake member is rotatable as seen in the figure and column 3.

d. Re claims 4,5 and 6, 967 discloses that the gripper is positioned to releasably engage a fuselage in that the float 15 is part of the fuselage of the

craft. The first and second positions being when the gripper is holding the craft and when it is not holding the craft.

e. Re claim 7, 967 discloses that the gripper is pivotable with respect to the carriage and as seen in figure 3, it is on the side of the carriage which means that it is offset from the launch axis.

***Allowable Subject Matter***

3. Claims 10-13 are allowed as seen previously in the notice of allowance of 1/10/06.

***Conclusion***

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Timothy D. Collins whose telephone number is 571-272-6886. The examiner can normally be reached on M-F, 7:00-3:00, with every other Fri. off.
